

RESEARCH TRACK SESSIONS - PRELIMINARY PROGRAMME

Wednesday, 21/9/2022

**Featuring Athens time: GMT +3 hrs*

Hall: THE LIGHTHOUSE, SNFCC

10:00-11:00

RESEARCH TRACK SESSION I (Oral Presentations)

Chairs: **Anastasia Barbouni, Michael Toumbis**

Tobacco Harm Reduction: Epidemiology & Social Issues

Survey of Smoking Behavior, Perception and General knowledge regarding E-cigarette among Medical Students in Thailand, **Akarima Vajirakaphan**

Evolution of smoking prevalence in Japan following the introduction of heated tobacco products, **Ondrej Koumal**

Two-thirds of the daily users of e-cigarettes and heated tobacco are people who previously smoked traditional cigarettes but currently do not smoke, **Piotr Samel-Kowalik**

Temporal changes in a novel heated tobacco product's (IQOSTM) risk perception: Evidence from Japan's rolling post market cross-sectional (PMX) surveys, **Suzana Almoosawi**

Perceptions and attitudes of patients with mental illness towards smoking in Greece, **Georgia Papadosifaki**

Perceived Reduced Formation of Harmful Chemicals and Perceived Reduced Risk of Harm Impact Exclusive Use of the Heated Tobacco Product IQOSTM: A Prospective Consumer Cohort Study in Four Culturally and Socio-Economically Different Countries, **Karina Fischer**

11:00-11:30

RESEARCH TRACK SESSION II

Chair: **Ekaterina Charvalos**

Tobacco Harm Reduction: Innovation & Novel Product

The effect of smoking on exhaled carbon monoxide and arterial elasticity during prolonged surgical mask use in the COVID-19 era, **Konstantinos Katogiannis**

Smoking Behaviors and Opinions of adult students from Greek Public IEK, **Marianna Foteini Dafni**

Harm Reduction Association in Kazakhstan, **Gintautas-Yuozas Kentra**

14:00-14:30

RESEARCH TRACK - POSTER SESSION I

Chair: *TBA*

Tobacco Harm Reduction: Epidemiology & Social Issues

Holistic Approach for Tobacco Harm Reduction Strategy in Indonesia, **Muhammad Ilham Karim**

Prevalence patterns of combustible tobacco products and non-combustible alternatives in the Greek population, **Vasiliki Engeli**

Tobacco Harm Reduction Regulatory issues

Modeling the population health impact of a modified risk claim on an existing ENDS product, **Nathan M. Holt**

Tobacco Harm Reduction & Clinical Evidence

Gingival Response in Vapers during Experimental Gingivitis: A Preliminary Study, **Amaliya Amaliya**

The effect of shifting to heated tobacco products on metabolic syndrome in long term cigarette smokers: preliminary results of a three-year follow-up, **Almaz Sharman**

Biomarkers of exposure and potential harm in exclusive users of velo nicotine pouches and current, former, and never smokers, **David Azzopardi**

15:30-17:00

RESEARCH TRACK SESSION III

Chairs: **Giuseppe Biondi-Zocai, Ignatios Ikonomidis**

Tobacco Harm Reduction Clinical Evidence

Smoking in the Russian Federation and points of reviewing the prevention strategy for smoking associated diseases, **Anna Isaeva**

A Systematic Review and Meta-Analysis on the Effect of Heated Tobacco Products vs Traditional Tobacco Cigarettes on Heart Rate, Blood Pressure and Other Predictors of Cardiovascular Risk Among Adult Smokers, **Rafael Castillo**

Are Heated Tobacco Products a Pragmatic Middle Ground for Recalcitrant Smokers? - Revisiting the Problem in the Context of the Current Pandemic, **Rafael Castillo**

The incidence of post-covid broncho-obstructive syndrome (BOC) in patients with a new coronavirus infection depending on smoking status, **Natalia Esaulova**

Biomarkers of Exposure and Potential Harm in Exclusive Users of Electronic Cigarettes and Current, Former and Never-Smokers: A Cross-Sectional Clinical Study Protocol, **Linsey Haswell**

The relationship of multifocal atherosclerosis, gender and lipid profile parameters in active smokers compared to patients who used THS, **Elizaveta Skorodumova**

Head and neck squamous cell carcinoma by analysis of tumor microenvironment, **Brinza Dumitru**

Favourable changes in biomarkers of potential harm when switching from cigarette smoking to using a tobacco heating product for 12 months, **George Hardie**

Creating Confusion: misrepresenting scientific evidence jeopardizes public health, **Carrie Wade**

Oral presentations: 10 min - Poster presentations: 5 min

Thursday, 22/9/2022

**Featuring Athens time: GMT +3 hrs*

Hall: THE LIGHTHOUSE, SNFCC

10:00-11:00

RESEARCH TRACK SESSION IV

Chair: **Konstantinos Poulas**

Toxicology and aerosol chemistry

Comparative assessment of electronic nicotine delivery systems aerosol and cigarette smoke on endothelial cell migration: the Replica Project, **Massimo Caruso**

Biomarkers' evaluation in animal or human studies

Health Risk Profile Comparison of Tobacco Heating System (THS) Products versus Indonesian "Kretek" Cigarette, **Rahmana Emran Kartasasmita**

Comparison of biomarkers of exposure to nicotine, volatile organic compounds, and heavy metals in US adult smokers, exclusive users of electronic nicotine delivery systems, and dual users, PATH Wave 5, **Nathan M. Holt**

Nicotine effects on anxiety behavior and brain biochemical markers in adult male mice, **Konstantinos Mesiakaris**

Preclinical evaluation

In Vitro mutagenicity potential of a Pod-Based E-Cigarette Aerosol Compared to Cigarette Smoke: The Replica Project, **Massimo Caruso**

Smoking cessation

The value of Fagerstrom score in predicting recurrency of smoking six months after an acute myocardial infraction, **Kallirhoe Kourea**

14:00-14:30

RESEARCH TRACK - POSTER SESSION II

Chair: *TBA*

Toxicology and aerosol chemistry

What happens when you heat nicotine molecule in different atmospheres - a molecular modelling perspective, **Ljupcho Pejov**

Cancer risk assessment of heated tobacco products aerosol based on different methodologies comparison, **Ecaterina Mazur**

JUUL in Vitro toxicology, a comparative assessment between lung and bronchial cell lines, **Konstantinos Mesiakaris**

1R6F whole smoke vs vapor phase cell toxicity: Establishing an air-liquid interface exposure system, **Konstantinos Mesiakaris**

Preclinical evaluation

Can B-escin make cigarette smokers healthier? The use of horse chestnut seed extract in tobacco harm reduction, **Katarzyna Koziak**

Oral presentations: 10 min - Poster presentations: 5 min
